LA NUEVA FRONTERA EN EXPLORACIÓN

October 14th and 15th, 2026

PROGRAM

The New Frontier in Exploration

October 14th, 2026

07:30 – 08:55	Delegate Registration
08:55 – 09:00	Welcome. Iain Cassidy, Managing Director, Latin Rocks
09:00 – 10:35	Diego Charchaflie , Principal Geologist, Andex. "Champagne Project, Arica Region. Progress Report and Its Implications for District-Level Exploration." Dr. Alex Farrar , Principal Geologist, FQM. "Linking multi-scale structural and tectonic observations to the localisation of Giant porphyry copper deposits." Dr. Andrew Tomlinson , Senior Geologist, SERNAGEOMIN, Chile, co-author of Adrianna L. Virmond et al. "The search for the missing half of a world-class copper resource in the Chuquicamata District, Chile". TBC
10:35 – 11:15	Coffee Break sponsored by Alfred H Knight
11:15 – 13:10	Dr. Richard Sillitoe , Consultant. "Lithocaps: Hallmarks of Magmatic-Hydrothermal Systems." Dr. Constantino Mpodozis , Consultant. "From Maricunga to El Teniente: One or Many Metallogenic Belts?" José Perelló , Consultant. "Porphyry copper potential of the southern Andes."
13:10 – 14:40	Lunch

AI IN EXPLORATION

14:40 – 16:10	Dr. Mclean Trott , Principal Geologist, VRIFY. "Discovery 4.0: AI in Exploration." Dr. Mauro Castillo , Investigator, University of Concepción. "Aseismic Ridge Subduction as a First-Order Control on Porphyry Copper Fertility: Machine Learning Insights for Mineral Exploration." Lee Sampson , Vice President of Geophysics, Ivanhoe Electric. "Advancing Exploration through Ivanhoe Electric's Disruptive Technologies, Typhoon™ and Computational Geosciences Inc." Miguel Carrera , Geological Client Manager, Fleet Space Technologies. "Blind-testing a grade model against the drill bit at Valeriano." Adam Simon , Principal Scientist, VectOres. "Breakthrough Methods for Exploration Under Cover."
16:10 – 16:30	Coffee Break sponsored by Alfred H Knight

IOCG/ DOMEYKO DISTRICT

16:30 – 18:50	Gilberto Schubert , COO and Chile Country Manager, Fitzroy minerals. "From Drill to Mine – Advancing the Buen Retiro IOCG Discovery To Production." Miguel Pérez , Exploration manager, Galantas Gold. "Indiana, an IOCG Deposit, Atacama Region. New Information." Francisco Bravo , Exploration Manager, Aterra Metals. "Pajonales Cluster: Confirming the Evidence. Hydrothermal Alteration and Prospectivity of a Cu-Au-Mo System Complex, Atacama Region, Chile". Andrea Aravena , VP Geology, Hot Chili. "Update of Costa Fuego and La Verde." Mark Stowell , Chariman, Southern Hemisphere Ltd. "A New Copper Porphyry Discovery Next to a Well-Known Deposit-Llahuin." TBC

PROGRAM

The New Frontier in Exploration

October 15th, 2026

07:30 – 09:00

Delegate Registration

GOLD EXPLORATION IN CHILE

09:00 – 11:15

Rafael Casas, Project Manager – La Pepa, Mineros. "La Pepa: Redefining the Gold Frontier in the High Cordillera."

James Connolly, VP Executive Projects, Tiernan Gold. "TBC"

David Hobby, Chief Geologist, Flagship Minerals. "Isidora Gold Project – Update and Insights."

Dr. Fernando Barra, Profesor, University of Chile. "Magmatic Fertility in the El Indio Belt: Insights from Zircon Petrochronology."

Luis Parra, Exploration Manager, Chile, Gold Arrow Resources Corp. "Shallow Auriferous Systems as Independent Pulses in the IOCG/IOA Setting: Atakama Project-Santo Domingo District."

Alexandra Forster, Exploration Manager, Andean Silver. "Cerro Bayo Silver-Gold Project, Chile: Update on Exploration and Resource Activities."

11:15 – 11:45

Coffee Break

ADVANCES IN THE MIOCENE

11:45 – 13:40

Carl Schnell, Vice President of Exploration, Los Mogotes. "Mogotes Metals: The Filo Sur Project."

Juan Carlos Toro, Regional and District Exploration Director, EMSA and **Ricardo González**, National Exploration Director, CODELCO. "Tronquitos a New Cu-Au porphyry style system with intense HS overprint, Vicuña District."

Dr. Jaime Osorio, Consultant. "Anatomy of a Moderately Telescoped Porphyry-High-Sulfidation System: Insights of a 2 km Vertical Profile of Alteration and Mineralization at Valeriano Cu-Au ± Mo Deposit, Chile."

Joel Manríquez, Senior Geologist, Glencore Pachón. "Geology of the El Pachón Cu-Mo Deposit."

13:40 – 15:10

Lunch

EXPLORATION IN PERU

15:10 – 16:40

Zac Turschwell, Exploration Manager, Hannan Metals. "The Previsto Alkaline Epithermal Au-Ag-Cu System: Recent Results and Geological Insights from the Amazon, Peru."

Enrique Garay, Senior Vice-President Geology, Rio 2 Limited. "Economic Geology of the Condestable deposit, Peru"

Ing. Rómulo Mucho, Consultant. "Advances in Exploration and Illegal Mining in Peru."

16:40 – 17:00

Coffee Break

EXPLORATION IN COLOMBIA

17:00 – 18:50

Dr. Paula Montoya, Research Fellow in Economic Geology, CODES. "Magmatic-Tectonic Interactions in the Development of Colombian Metallogenic Corridors."

Russell Evans, Executive VP Exploration, Collective Mining. "Apollo Au-Ag-Cu-W Deposit Colombia – A Greenfield Discovery and Growth of a Porphyry Hosted Breccia with Multistage Mineralization."

Gustavo Zulliger, Principal Geologist, Andina Copper. "The Cobrasco Cu-Mo Porphyry System, Chocó, Colombia: Geology and Geochronology."

Edwin Naranjo, VP Exploration, Copper Giant. "The Mocoa porphyry Cu-Mo deposit, Colombia."

César García, Exploration Manager, Tiger Gold. "Tesorito Porphyry deposit, Quinchia Project, Colombia"
